Administered by Alberta Blue Cross on behalf of Alberta Health.

The Drug Benefit List (DBL) is a list of drugs for which coverage may be provided to program participants. The DBL is not intended to be, and must not be used as a diagnostic or prescribing tool. Inclusion of a drug on the DBL does not mean or imply that the drug is fit or effective for any specific purpose. Prescribing professionals must always use their professional judgment and should refer to product monographs and any applicable practice guidelines when prescribing drugs. The product monograph contains information that may be required for the safe and effective use of the product.

Copies of the *Alberta Drug Benefit List* Publication are available from Pharmacy Services, Alberta Blue Cross at the address shown above.

Binder and contents: **\$42.00** (\$40.00 + \$2.00 G.S.T.)

Contents only: **\$36.75** (\$35.00 + \$1.75 G.S.T.)

A cheque or money order must accompany the request for copies.

*Changes may be made, without notice, to the List/Supplement through the on-line interactive List/Supplement, and any such changes to the on-line interactive List/Supplement are effective the date of the change (unless otherwise stated) and regardless of the date of publication in the paper version or updates.*

# SECTION 1

## Introduction and Therapeutic Classification of Drugs

# INTRODUCTION

## Eligibility

---

Benefits for *Palliative Coverage* are defined by the *Alberta Drug Benefit List* and the *Palliative Coverage Drug Benefit Supplement* (which defines select hydrating agents, laxatives and other products as additional benefits).

In order for patients to be eligible for *Palliative Coverage*, an application for the *Palliative Coverage Program* must be completed and signed by both the patient (or guardian) and the physician. This *Palliative Coverage Program* application form must be forwarded to Alberta Health for their consideration and approval.

## Price Policy

---

The Price Policy is stated in the *Alberta Drug Benefit List*.

## Interchangeable Drug Products

---

A box containing an X () to the left of the DIN or Product Identification Number (PIN) indicates that the product is **not** interchangeable with other products or interchangeability has not been assessed within the category. Refer to Policies and Guidelines Section 1 of the current *Alberta Drug Benefit List* for further information regarding interchangeable drug products.

The DBL is not a prescribing or a diagnostic tool. Prescribers should refer to drug monographs and utilize professional judgment.

## Excluded Special Authorization Drug Products

---
