

# 2025 Alberta Blue Cross® Usual and Customary dental fees

*The Alberta Blue Cross® Usual and Customary (U&C) dental fees are currently aligned with the Alberta Dental Association (ADA) provincial fee guide. As dental costs in Alberta are expected to increase in the upcoming 2025 year, there will be an increase to the eligible fees referenced by your dental plan for 2025.*

## GET THE MOST OUT OF YOUR BENEFITS WHEN YOU VISIT YOUR DENTIST

The ADA provides a provincial guide of recommended fees for dental services in Alberta. However, this guide remains voluntary, so it is important to be as informed as possible before getting dental work done.

### FIND A DENTIST

Our group plan members can make informed decisions by using the Find a Dentist tool to get the information they need. Find a Dentist allows members to

- easily see whether a dentist's fees are below (\$), at (\$\$) or above (\$\$\$) the ADA fee guide;
- view the business contact information for each dentist;
- search for dentists by location or dentist's last name; and
- use a mobile device to get directions to a nearby dentist.

The Find a Dentist tool can be accessed on the Alberta Blue Cross® member site and app.

In addition to using our Find a Dentist tool, there are other things you can do to be the best dental consumer possible.

- Tell your dentist that your plan pays according to the 2025 ADA fee guide.
- Ask your dentist if they charge according to the 2025 ADA dental fee guide. This will give you an idea of whether or not your dentist is charging according to your plan's basis of payment.

- If your dentist doesn't charge according to the fee guide, ask them how their fees compare to those in the ADA fee guide.
- The easiest way to know if you will have to pay out of pocket for dental services is to have your dental provider submit a predetermination to Alberta Blue Cross® prior to receiving any dental service. This allows you and your dental provider to check how much your plan pays for dental procedures you need before getting the treatment. Most predeterminations are processed instantly.
- Shop around. Because dentists charge differing fees, this can save you significantly.
- If you have another plan or a spending account, don't forget to use those.

***Visit our website to learn more about the dental landscape, receive suggestions on how to be a wise dental consumer and find useful resources on the U&C dental fees. To learn more about your benefits, visit the Alberta Blue Cross® member site or download our app from the App Store or Google Play.***

For your reference, the back of this page contains our 2025 U&C fees for many commonly claimed dental procedures.
