Pan-Canadian Select Molecule Price Initiative for Generic Drugs

Alberta Drug Benefit List prices effective April 1, 2018

The Pan-Canadian Select Molecule Price Initiative, established in 2013 by the Health Care Innovation Working Group of the Council of the Federation achieves better value for generic drugs by leveraging the combined purchasing power of participating jurisdictions to obtain the lowest generic prices achieved to date in Canada.

Effective **April 1, 2018**, additional molecules will be added to the Pan-Canadian Select Molecule Price Initiative and existing molecules will be reduced.

Through a Pan-Canadian Price Confirmation process, manufacturers have confirmed their ability to supply the drugs included in this Initiative at the prices listed below to pharmacies in participating provinces and territories, including Alberta. Price reductions for individual drugs covered under the Initiative are contingent upon the drug being covered by the public drug plan in each individual participating jurisdiction.

Notification of prices is being provided at this time to allow pharmacies, manufacturers and wholesalers time to adjust inventories and manage stock as no further transition or washout period will apply to Drug Products in this Initiative.

Please be advised that the April 1, 2018 Updates to the *Alberta Drug Benefit List (ADBL)* has been posted online at **www.ab.bluecross. ca/dbl/publications.html**

The Pan-Canadian Select Molecule Price Initiative generic drug molecules currently covered and listed on the *Alberta Drug Benefit List* (ADBL) and their price point that will become effective April 1, 2018 are reflected in the table below:
