

Patient supports

Patient support programs are available to minimize the impact of switching on patients and health care professionals. For more information, contact the program specific to your patient's drug.

Jamteki (ustekinumab)

Patients being prescribed JAMTEKI may benefit from JAMP Care. Services that will be provided for JAMTEKI include: fast reimbursement navigation support, bridging (as needed), financial assistance, dedicated local nurse field case managers as single points of contact, enrollment support, injection training, and help throughout the patient's journey including a flexible and easy enrollment process with turnkey clinical lab and vaccination test support to get patients on therapy quickly.

Hours of Operation: Monday – Friday, 6 AM – 6 PM MST

Phone: 1-855-517-0710

Fax: 1-855-437-1490

Email: Jamteki@JampCarePsp.ca

Website: www.jampcare-support.ca

Wezlana (ustekinumab)

The Amgen ENTRUST® Patient Support Program is designed to ensure that each Wezlana® patient receives dedicated support throughout their patient journey. Our services include a dedicated case manager, reimbursement navigation, financial assistance, injection services and training, infusion services, laboratory testing, vaccine coordination, reminders and patient education materials.

To enroll into the program, the patient or health care provider should complete and sign an enrollment form or contact the program for more details.

Hours of Operation: Monday – Friday, 6 AM – 6 PM MST
