Amplification Device Funding

The Alberta Aids to Daily Living (AADL) program has made a payment towards the purchase of your amplification device(s). When we receive billing from your vendor, we assume that you are satisfied with your purchase. Please be aware that you are responsible for the care of the *device*, ***including obtaining insurance to replace the aid/device in the event that it is lost, stolen or damaged following termination of the manufacturer's original warranty.*** Lost, stolen or damaged devices *will not* be replaced early. Replacement of your device(s) is subject to AADL quantity and frequency limits. After one year, AADL will help pay for major repairs once per year. AADL does not cover minor repairs. Your provider is expected to contact you at least two times during your first year of wear and can provide you with specific details regarding AADL amplification benefit coverage. If you have any questions or concerns regarding your amplification device please contact Alberta Blue Cross Customer Services at 1-888-808-8678.
