

## List of Generic Codes for Alberta Aids to Daily Living Wheelchairs

Alberta Aids to Daily Living

The following codes are used for all AADL-owned wheelchairs when recording them in the system as recycle-ins or new purchase. The proper sequence used in the string is numbered and **dashes (not slashes) are used between each item in the sequence**. Special options are listed last if there is sufficient room. These codes are to be used on all work orders.

*Example of string: Wxxx-18x16-FD16/18-H-FFB-ADJ16T-CLF60-AAF-MAG20UFP-PCHR-CU5x1-STF14-PUL-ATR-QRA*

Sequence	Description	Details	Codes1
Wheelchair	Catalogue #	Catalogue # assigned to specific model	Wxxx
Seat	Width x Depth <i>e.g.</i> 18x16 Add <b>FD</b> for depth if * <i>e.g.</i> 18x16-FD16/18	* <b>FD</b> = Adjustable frame depth or if upholstery depth is different depth than frame depth	Width x depth -FD <i>Size in inches</i>
Frame	Type	Standard	S
		Tilt	T
		Rigid	R
		Hemi	H
		Adjustable axle plate	AAP
		Heavy duty #	HD1,2or 3
Armrests	Length and Type  All armrests funded by AADL are ht. adjustable	Full length	F
		Desk length	D
		Flipback	FB
		Singlepost / T-arm	ST
		Dual post	DP
		Wrap around	W
		Other (e.g., sport arm, low range)	O
Back	Cane type, <b>back height</b> and back cane size if applicable  <i>e.g.</i> , adjustable back canes with bend 16" tall = ADJ16T or 18" rigid back – RB18	Adjustable with straight canes	ADJSTR
		Adjustable with bend in cane	ADJ
		Fixed canes	F
		Custom	C
		Omit back upholstery	OBU
		Angle adjustable back canes	AABK
		Angle adjustable back– straight canes	AATR
		Rigid back	RB
		Small, medium or tall back cane	S, M or T
		Back Cane Rigidizer	BCR
Foot or leg rests and extensions if applicable	Type, Degree  <i>e.g.</i> Cam lock footrest at 60 degrees=CLF60	Cam lock foot rest	CLF
		Elevating leg rests	EL
		Articulating elevating leg rests	AEL
		Extensions	S,M or L
		Other (additional code to describe)	O(xx)

Footplates	Type <i>Angle adjustable footplates=AAF</i>	Composite	COM
		Aluminum	AFP
		Angle adjustable	AAF
		Extra large	XLF
Wheels	Wheel type, size, and tire type  <i>e.g. Mag 20" urethane =MAG20U</i>	Mag	MAG
		Spoke	SPK
		Urethane	U
		Pneumatic	P
		Flat free	FF
		High or full profile / low profile	HP/LP
Handrims	Type <i>e.g. Composite Handrims=COMHR</i>	Plastic or vinyl coated	PCHR
		Stainless steel	SSHR
		Handrims with projection (V or O)	VPHR/OPHR
		Aluminum	ALHR
		Composite	COMHR
		Chrome	CHHR
		Omit handrims	OHR
Casters	Type, Diameter x Width e.g. Urethane 5x1"= S5x1	Pneumatic	CP
		Urethane	CU
STF Ht.	Inches	STF height	STF
Brakes	Type	Pull	PUL
		Push	PSH
		Attendant foot or hand brake	AFB/AHB
Special Options	Option	Adjustable tension back	TBU
		Anti-tippers	ATR
		Amputee support	AMP
		Auto seat belt	ASB
		Brake extensions	BRX
		Calf strap	CFST
		Footboard	FTB
		Grade aid	GRD
		Headrest	HDR
		Heel loops	HL
		O2 holder	O2H
		One-arm drive, right or left	OADR/OADL
		Quick release axles	QRA
		Other (e.g. STR-stroller handle; SSP-solid seat pan)	O
