

Minimum quantity edit applied to drug products

Please be advised that effective **October 1, 2015**, pharmacies will be required to submit claims with the correct minimum quantity based on Alberta Blue Cross's Units of Issue defined in the *Alberta Drug Benefit List (ADBL)* for the products below. The minimum quantity required is based on these units of issue for claims adjudication.

Claims submitted with an incorrect minimum quantity will result in a rejection. The rejection code will follow the existing CPhA code of **DQ – quantity is less than minimum per claim**.

The following list of products will be subject to this minimum quantity edit effective **October 1, 2015**:
