

Alberta Blue Cross® Individual Health Plan Usual and Customary Dental Fee List

The Alberta Blue Cross Individual Health Plan Usual and Customary Dental Fee List helps to keep your personal benefits plan affordable. The fees are reviewed each year to continue to provide you with a reasonable basis of payment for your Alberta dental claims. As dental costs in Alberta are expected to increase in the upcoming 2023 year, there will be an increase to the eligible fees referenced by your dental plan for 2023.

WHAT CAN I DO TO GET THE MOST OUT OF MY BENEFITS WHEN I VISIT MY DENTIST?

It's important to understand that dental providers can charge more than what your plan pays. Because dentists can charge very different fees for dental services, it's important to be as informed as possible before getting dental work done.

Below are some things you can do to be the best dental consumer possible:

- Let your dentist know that your plan pays according to the Alberta Blue Cross Individual Health Plan Usual and Customary Dental Fee List.
- Ask your dentist how their fees compare to the Alberta Blue Cross Individual Health Plan Usual and Customary Dental Fee List. You can refer to the chart on page two that outlines the fees eligible for the most commonly claimed procedure codes.
- The easiest way to know if you will have to pay out of pocket for dental services is to have your dental provider submit a predetermination to Alberta Blue Cross prior to your appointment. This allows you and your dental provider to check how

much your plan pays for the dental procedures you need before getting the treatment. Most predeterminations are processed instantly.

- If you have another plan or a spending account, don't forget that you can coordinate your benefits for reimbursement up to 100 per cent.
- Because dentists charge differing fees, we recommend that you compare the rates charged by various providers. This may help you significantly save costs.
